

# COMPRESSION TUBE

Weighted Chip Wattle

Kit includes  
one 5' compression tube  
and two compression stakes

**Nominal 5 feet in length by 9 inches in diameter**

## Velocity dissipation and sediment retention

- Polypropylene sleeve filled with kiln dried pine chips (biodegradable / weed and seed free)
- Environmentally friendly alternative to recycled rubber / wire materials
- Durable sleeve with handles for easy application and removal
- Compression stakes apply downward pressure to prevent undermining
- Dry weight nominal 30 lbs (weigh less for shipping and installation)
- More than doubles weight when wet (stays in place)
- Kiln dried chips expand when wet (keeps shape)
