

UNDER GRATE CITY BAG

Stormwater Grate Trash Collection

TRASH COLLECTION

Hangs under stormwater grates to collect trash / floatables from parking lots and city streets

Available Sizes

12"x48", 21"x29", 24"x 24", 24"x48", 27"x27", 28"x36", 36"x36", 40"x55"

- Perfect for use during festivals / parades / street parties to catch floatables and street trash preventing debris from entering stormwater drains
- Reusable with integrated handles for easy installation, removal, cleaning and replacement
- High flow mesh (9x9 scrim, clear water flow of >1100 gpm/ft²) allows water filtration and overflow ports prevent flooding during heavy rain events
- Hangs unobtrusively under storm water grate – does not impede traffic
